REAL PERFORMANCE FOR THE REAL WORLD

Perfect for high-end dedicated home theaters, this in-wall speaker offers remarkable clarity, detail and sound for the ultimate cinematic or musical performance. Top-notch components are combined with a 3-way system design to deliver best-in-class performance.

Designed to Perform

With this smart home theater speaker, everyone in the room is sitting in the sweet spot. Featuring Kevlar®-enhanced woofers that provide a tighter bass and low-frequency performance, a premium ribbon tweeter that delivers maximum clarity at even the highest pitches, and a honeycomb driver to expertly blend the acoustics.

Customized for Performance

No two rooms are alike, and this speaker compensates for their differences in sound absorption to provide clear, crisp audio in all corners of the room.

Built for Sound

Features an integrated sealed backbox that delivers predictable, premium performance time and time again.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
