

# RA2 Select works with Alexa

**Create just the right light using Alexa voice control.**

# Getting started is easy

## Step 1

Install your RA2 Select system, connect it to your Wi-Fi router, and download the Lutron App.

## Step 2

Plug in your Alexa-enabled device, download the Amazon Alexa app, and connect it to your Wi-Fi network.

## Step 3

Enable the “Caséta and RA2 Select” skill in the Amazon Alexa app, then say “Alexa, discover my devices.”
