Sonos® One Wireless Speaker with Amazon® Alexa™ Built In

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

Sonos One blends great sound with Amazon Alexa, the easy-to-use voice service, for hands-free control of your music and more. Use your voice to play songs while you cook. Tell Alexa to turn the volume up while you're in the shower. You can even request a lullaby, out loud, when you're tucking in the kids.

For complete details on Sonos One and other Sonos products, please visit <http://www.sonos.com/>.
